

Tender No:	50487
Tender Title:	Plumbing and Gas Maintenance Services
Tender Description:	<p>The City of Stirling (the Principal) invites Tenders for Contractors to perform plumbing and gas maintenance services, including reactive, renewal, minor works and routine maintenance services throughout the City of Stirling areas. Service requests will be issued by two Business units namely Facilities, Projects & Assets (FPA) and Parks & Environment (PE). FPA encompassing approximately 235 buildings and 200 associated minor asset structures. The Principal has 53 public toilets which require significant plumbing attention because of aging infrastructure, high patronage and vandalism with a specific focus on coastal facilities from Peasholm Beach in the South to Watermans Bay in the North. The 13 toilets and change room facilities along the coast must always present in a clean and functional state. PE infrastructure along the coast may demand a priority 1 response for the most requests and the successful Contractor must clearly demonstrate their capacity and capability of managing multiple responses in any 24-hour period. There are more than 400 parks and reserves that are split into coastal areas, active and passive reserves with over 350 drinking fountains, 48 of which are located along the coast. PE infrastructure includes showers, foot washers, and dog drink fountains. There is common infrastructure shared across both business units includes Reduced Pressure Zone (RPZ), dual check valves and portable water fixtures.</p>
