1 December 2020	<a href="#">Minutes</a>	<a href="#">Video</a>	Councillor Caddy	<p><b>Council Resolution 1220/008</b>  Moved Councillor Caddy, seconded Councillor Farrelly  That Council ENDORSES the City's Responsible Authority Report to the Metro InnerNorth Joint Development Assessment Panel, which recommends REFUSAL of the proposed Mixed-Use Development - Seven Multiple Dwellings and One Commercial Tenancy at Lot 1, House Number 331, West Coast Drive, Trigg, subject to the inclusion of the following being added to the reasons for refusal:-</p> <p>a. Reason 1 being amended as follows:-</p> <p>i. The application does not satisfy Clause 67 (s) of the Planning and Development (Local Planning Schemes) Regulations 2015 (Schedule 2 - Deemed Provisions) as the proposed car parking does not provide adequate vehicular parking onsite. There is an existing parking congestion issue in the vicinity due to the existing café use, and the proposed development will exacerbate this issue. The four commercial parking bays proposed onsite are insufficient to satisfy the parking demand, and the applicant's justification that there is sufficient public carparking in the area does not recognise that these public bays have been provided for the community to access the beach, not to support a private development.</p> <p>b. The following additional reasons for refusal being added:-</p> <p>i. The application does not satisfy Clause 67 (m) of the Planning and Development (Local Planning Schemes) Regulations 2015 (Schedule 2 – Deemed Provisions) as the development is not compatible with its setting, being surrounded by an area of residential R20 properties, and the excessive height, bulk and scale of the building would result in significant negative impacts on the residential amenity, streetscape and character of the local community;</p> <p>ii. The height and setbacks of the development will have a negative impact on the adjacent properties in terms of views of significance and overshadowing; and</p> <p>iii. The cumulative impacts of the discretions sought by the development will result in an excessive adverse impact on the adjoining residential properties and the immediate locality.</p> <p>The motion was put and declared <b>CARRIED</b> (13/0).
