| 16 March 2021 | Minutes | Video | Councillor Caddy | <p>Council Resolution 0321/005 Moved Councillor Caddy, seconded Councillor Farrelly</p> <p>1. That Council ENDORSES the City's Responsible Authority Report to the Metro Inner-North Joint Development Assessment Panel, which recommends REFUSAL of the proposed Mixed-Use Development - Seven Multiple Dwellings and One Commercial Tenancy at Lot 1, House Number 331, West Coast Drive, Trigg.</p> <p>2. That Council REITERATES its reasons for refusal, from its meeting held 1 December 2020, as no real changes have been made to the proposal since the Joint Development Assessment Panel meeting held 9 December 2020, with the following changes to the officers reasons for refusal:-</p> <p>a. Reason 1 being amended as follows:-</p> <p>i. The application does not satisfy Clause 67 (s) of the Planning and Development (Local Planning Schemes) Regulations 2015 (Schedule 2 - Deemed Provisions) as the proposed car parking does not provide adequate vehicular parking onsite. There is an existing parking congestion issue in the vicinity due to the existing café use, and the proposed development will exacerbate this issue. The commercial parking bays proposed and their configuration onsite are insufficient to satisfy the parking demand, and the applicant's justification that there is sufficient public carparking in the area does not recognise that these public bays have been provided for the community to access the beach, not to support a private development.</p> <p>b. The following additional reasons for refusal being added:-</p> <p>i. The application does not satisfy Clause 67 (m) of the Planning and Development (Local Planning Schemes) Regulations 2015 (Schedule 2 – Deemed Provisions) as the development is not compatible with its setting, being surrounded by an area of residential R20 properties, and the excessive height, bulk and scale of the building would result in significant negative impacts on the residential amenity, streetscape and character of the local community;</p> <p>ii. The cumulative impacts of the discretions sought by the development will result in an excessive adverse impact on the adjoining residential properties and the immediate locality; and</p> <p>iii. That Council has recently reviewed its Local Planning Policy 4.2 - Mixed Use and Commercial Centre Guidelines, and has adopted the modified policy. The new policy specifies a maximum building height of three storeys, and where adjoining sites are zoned residential, setbacks are required to facilitate streetscape continuity and minimise adverse impacts to adjoining sites. The development does not satisfy the Policy Objectives 1, 2, 3 and 4.</p> <p>3. If the Joint Development Assessment Panel is of a mind to not refuse the application, it is REQUESTED that the application be deferred for 14 days to allow sufficient time for the community to review the plans and make effective deputations to the JDAP.</p> <p>4. That Council ENDORSES Councillor Karen Caddy to attend to provide a deputation on Council's behalf at the Joint Development Assessment Panel meeting to be held 23 March 2021.</p> <p>The motion was put and declared CARRIED (13/0). | 25 May 2021 | Minutes | Video | Councillor Thornton | <p>Council Resolution 0521/042 Moved Councillor Thornton, seconded Councillor Spagnolo 1. That pursuant to Section 276(4) of the Planning and Development Act 2005, Council RECOMMENDS to the Western Australian Planning Commission that the application for a Mixed Use Development at Lot 16, House Number 10, Morley Drive, Tuart Hill is REFUSED for the following reasons:- a. The development cannot be approved under the City's Local Planning Scheme No.3 as it:- i. Proposes the land uses of Multiple Dwelling and Office, which are both not permitted in the Residential zone and R30 density coding, as specified in Clause 4.3 of the City's Local Planning Scheme No.3;and ii. Does not comply with the minimum site area requirements for the R30 density coding, as specified in State Planning Policy 7.3 Residential Design Codes Volume 1 Clause 5.1.1 and Table 1. b. The development represents an 'overdevelopment' of the subject site, under the City's Local Planning Scheme No.3 having regard to the:- i. Proposed six storey building height; ii. Proposed street and lot boundary setbacks; iii. Proposed residential density; iv. Local context; and v. Amenity impacts imposed upon the neighbouring properties. c. The approved Better Suburbs Strategy is a detailed strategy identifying areas where future density can be located, however, it is not a statutory document at this point and is therefore not sufficient justification for substantially conflicting with the current planning framework; d. No draft statutory planning documents, such as a local planning scheme amendment, precinct structure plan or local development plan, have been progressed sufficiently to be considered as a 'seriously entertained planning proposal' which could support the proposal; e. It is premature and not 'orderly and proper planning' to approve the development in the absence of a well-developed planning framework for the future redevelopment of the locality; and f. The application has failed to provide sufficient information to adequately demonstrate the development is a shovel ready project. 2. That Council NOTES that if the Western Australian Planning Commission is of the view to support the proposal using the special provisions under Part 17 of the Planning and Development Act 2005, the City has prepared 'without prejudice' conditions of development approval (as shown in Attachment 1). 3. That the City SUBMITS a separate advice letter to the State Development Assessment Unit addressing technical considerations including waste management, parking design, landscaping and related matters. The motion was put and declared CARRIED (8/5). For: Councillors Boothman, Ferrante, Hatton, Perkov, Re, Sandri, Spagnolo and Thornton. | 31 August 2021 | Minutes | Video | Councillor Caddy | <p>Council Resolution 0821/072 Moved Councillor Caddy, seconded Councillor Sandri 1. That Council ENDORSES the City's Responsible Authority Report to the Metro Inner-North Joint Development Assessment Panel, which recommends REFUSAL of the proposed Mixed Use Development – 270 Multiple Dwellings and Commercial Tenancies at Karrynup Shopping Centre, Lots 7 and 12 (Formerly Lot 11), House Number 190 and House Number 200, Karrynup Road, Karrynup, with the following amendment:- a. An additional reason for refusal is to be added to the recommendation of the Responsible Authority Report, as follows:- i. Pursuant to Schedule 2, Part 9, Clause 67 (2)(c) of the Planning and Development (Local Planning Schemes) Regulations 2015, the proposed development does not satisfy the following Policy Objectives of State Planning Policy 7.3, Volume 2 and State Planning Policy 7.0:- (a) To provide for residential development of an appropriate design for the intended residential purpose, land tenure, density, place context and scheme objectives; and (b) To encourage design consideration of the social, environmental and economic opportunities from the new housing, and an appropriate response to local context. The existing and future context and character of the streetscape and locality is a low rise residential area. The proposed development is not sympathetic or consistent with this, as it creates a higher density urban streetscape. Further, the planning framework has not contemplated a development of this scale and bulk; as such, there is no transition of this proposal into the existing and future low rise residential area. The motion was put and declared CARRIED (12/0). For: Councillors Caddy, Ferrante, Hatton, Lagan, Perkov, Proud, Re, Sandri, Sargent, Spagnolo, Thornton and Mayor Irwin. Against: Nil.</p> |
| 31 August 2021 | Minutes | Video | Councillor Caddy | <p>Council Resolution 0821/073 Moved Councillor Caddy, seconded Councillor Proud 1. That Council ADVISES DevelopmentWA that the application for a 46 Storey Mixed Use Development at Lot 601, House Number 10, Scarborough Beach Road, Scarborough, Lot 43, House Number 206, West Coast Highway, Scarborough and Lot 86, House Number 45, Filburn Street, Scarborough is NOT SUPPORTED for the following reasons:- a. The proposal exceeds the permitted base height of 12 storeys and the maximum potential bonus height limit of 18 storeys. The height of the development is not consistent with the Scheme vision and objectives, that were informed by the Scarborough Master Plan; b. The tower floorplates exceed the permitted 30m x 35m maximum dimensions resulting in excessive building bulk that is inconsistent with the vision and objectives of the Scarborough Redevelopment Scheme and Scarborough Design Guidelines; c. The proposed car parking and vehicle access arrangements results in a detrimental impact on the streetscape and the safe and efficient movement of vehicles, pedestrians, and cyclists on the local road network; and d. The consideration of wider community benefits as an offset for allowing additional building above that contemplated in the Scarborough Design Guidelines is not supported in the absence of a robust planning instrument to guide this assessment. 2. That the City SUBMITS a separate advice letter to DevelopmentWA addressing technical considerations including traffic management, parking design, landscaping, and related matters (Attachment 1). 3. That within the separate advice letter (Attachment 1) to DevelopmentWA, an additional commentary be INCLUDED in the 'Further Commentary' section, under a new heading titled 'Council - Further Comments', as follows:- Council does not support the proposal in its current form on the basis of the planning and technical issues outlined in this letter. The development is inconsistent with the planning framework which has guided community expectations, and will set a precedent in the Scarborough locality for the surrounding area that has not been anticipated by the planning framework or the community. Setting this precedent of overdevelopment will adversely impact on the surrounding properties and erode community confidence for the redevelopment of the Scarborough Redevelopment Area. The traffic impact onto surrounding local roads such as Filburn and Reserve Streets will result in a major traffic and parking problem for the area and the parking and vehicle access arrangements have not been sufficiently resolved through this development application. Council acknowledges the potential for the development to provide community benefits and is generally supportive of the proposed community benefit infrastructure (Arts Hub and Co-Working Space), however the proposed community benefits do not justify the excessive height above the base height and bonus height limits of the Scarborough Design Guidelines. 4. The Council writes to DevelopmentWA to REQUEST agreement for the City to make a deputation on the proposed development to the Scarborough Land Redevelopment Committee when it considers the proposal. The motion was put and declared CARRIED (12/0). For: Councillors Caddy, Ferrante, Hatton, Lagan, Migdale, Perkov, Proud, Re, Sargent, Spagnolo, Thornton and Mayor Irwin. Against: Nil.</p> |
| 31 August 2021 | Minutes | Video | Councillor Caddy | <p>Council Resolution 0821/074 Moved Councillor Caddy, seconded Councillor Migdale 1. That Council ADVISES DevelopmentWA that the application for an 18 Storey Multiple Dwelling Development, eight storey Hotel and five storey Mixed Use Development at Lots 42, 43 and 44, House Numbers 22, 24 and 26, Brighton Road, Scarborough is NOT SUPPORTED for the following reasons:- a. The proposal exceeds the base height limit of eight storeys, and the maximum potential bonus height limit of 12 storeys. The height of the development is not consistent with the Scheme vision and objectives that were informed by the Scarborough Master Plan; b. The proposal does not satisfy the lot boundary setback requirements under the Design Guidelines resulting in excessive building bulk; c. The proposal does not satisfy the tower separation requirements under the Design Guidelines compromising the amenity of the future outcomes and adjacent neighbouring properties; and d. The proposed car parking and vehicle access arrangements results in a detrimental impact on the streetscape and the safe and efficient movements of vehicles, cyclists and pedestrians on the local road network. 2. That the City SUBMITS a separate advice letter to DevelopmentWA addressing technical considerations including waste management, parking design, landscaping and other related matters (Attachment 1). 3. The Council writes to DevelopmentWA to REQUEST agreement for the City to make a deputation on the proposed development to the Scarborough Land Redevelopment Committee at the time it considers the proposal. The motion was put and declared CARRIED (12/0). For: Councillors Caddy, Ferrante, Hatton, Lagan, Migdale, Perkov, Proud, Re, Sargent, Spagnolo, Thornton and Mayor Irwin. Against: Nil.</p> |
| 31 August 2021 | Minutes | Video | Councillor Caddy | <p>Council Resolution 0821/075 Moved Councillor Caddy, seconded Councillor Sargent That Council ENDORSES the proposed City of Stirling submission on the 'Planning Reform Phase Two' suite of documents prepared by the Department of Planning Lands and Heritage, as shown in Attachment 1.
